Email : nishanthr20010101@gmail.com

DOB : 01-01-2001

Dedicated and motivated Software Developer with 2+ years of professional experience in creating responsive and visually appealing web applications. Adept at translating design concepts into efficient and user-friendly code. Seeking to contribute expertise in HTML, CSS, JavaScript, and modern frameworks to a dynamic development team.

EXPERIENCE

July 2022 – Present

Software Development Engineer at HRlytics, Bengaluru

- **Developed and maintained dynamic frontend interfaces** using React.js, improving the user experience and responsiveness of the platform.
- **Built multiple child React projects** and linked them with the parent main project, significantly reducing the overall project size and enhancing performance.
- **Integrated RESTful APIs** and optimized frontend data handling to deliver real-time insights and features.
- **Collaborated closely with backend and testing teams** to ensure seamless integration and accurate implementation of features.
- **Designed and implemented efficient state management solutions** using Redux and Context API for scalable application development.
- **Contributed to the deployment** and monitoring of the frontend applications, ensuring high availability and prompt issue resolution.
- **Mentored junior developers**, guiding them through modern frontend technologies and best practices.

Dec 2021 – June 2022

Product Engineer at Amphisoft Technologies, Coimbatore

- Developed and maintained college websites, focusing on responsive design and user engagement.
- Created mini-games for children using Konva and Three.js, ensuring an interactive and engaging experience.
- Collaborated with cross-functional teams to meet project deadlines and deliver high-quality products.

EXTRA-CURRICULAR ACTIVITIES

- Participated in a webinar on the industrial applications of non-destructive testing techniques organized by Nandha Engineering College.
- Engaged in a webinar on the application of AI techniques in smart grid systems, organized by KPR Institute of Technology.
